

Fluent Lighting

comfort.
performance.
aesthetics.

The latest S Series from Fluent Lighting introduces sophisticated, jewel-like pieces that elevate your most discerning design projects.

Integrally engineered on an innovative platform, the S Series seamlessly mounts to ceilings or walls while delivering up to 2,000 lumens of refined illumination.

Quiet, even light emanates from a luminous opal center, fully encapsulated beneath a layer of solid, clear, polished acrylic with a glass-like finish. Available in a range of sleek, architectural forms.

*Proudly designed and
manufactured in Wisconsin.*
